**To:** "APAGE Secretariat" <apage@apage.org>  
**Subject:** Re:Support Letter from APAGE

Dear Professor Ooi, Professor Wu and Prof. Shimosegawa,

On behalf of the Chinese Society of Gastroenterology, I would like to thank for your sympathies and support to our battle to the outbreak of coronavirus at this special moment. I had asked my secretary to put your letter on our society's website. Many Chinese doctors, including GI doctors, are assigned to Wuhan to work together with the local doctors. The epidemic situation seems getting better. We believe that it will be controlled soon.

Thank you again and best wishes to all of you.

Min-Hu Chen, M.D. & Ph.D.

President, Chinese Society of Gastroenterology

Professor and Chief, Division of Gastroenterology and Hepatology

Vice President, The First Affiliated Hospital of Sun Yat-sen University

Guangzhou, China
