VISION

The Philippine Society of Gastroenterology is the leading organization of world-class Gastroenterologists committed to the advancement and provision of the highest quality of digestive healthcare

MISSION

1. Develop competent gastroenterologists through comprehensive training and continuing professional development.
2. Produce and publish quality researches.
3. Undertake advocacy programs to promote the healthcare needs of the community.
4. Assist the government in formulating and implementing digestive health policies and programs.
5. Safeguard the interests and welfare of its members.

June 1 , 2021

Professor Dai-Ming Fan

President
APAGE

Dear Professor,

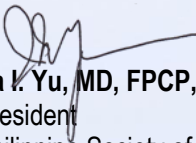

We would like to thank you for the letter of solidarity and support that you have extended to the members of the Philippine Society of Gastroenterology, as well as to the Filipino citizenship, in the midst of the events related to the pandemic.

The PSG had stood strong all these times. In fact we were grateful that the PSG Board had been more innovative and flexible in continuing our role in both the medical community but also in the society. We have also received support from our GI members as well as the pharmaceutical industries in the delivery of our work.

Likewise, we offer our full support to the future endeavors of APAGE. We wish all of you good health.

Thank you.

Yours truly,

Ira I. Yu, MD, FPCP, FPSG, FPSDE
President
Philippine Society of Gastroenterology
